Subject: Fw: CA Class II UIC Program (draft) Schedule
Tentative Schedule for CA Class II Program.docx

Sent from my BlackBerry 10 smartphone on the Verizon Wireless 4G LTE network.

I have attached a revised draft schedule for implementation of the Class II program action items. This is in Word, and broken out by category of activity. Dates proposed by the State are in black; draft or placeholder dates from EPA are in blue.

Some of us met Friday in Mike's office and talked about leaving some of the interim dates for DOGGR and the SWRCB to fill in. However, I included suggested dates for every item so that we can develop an internal consensus on our expectations.

Please send any edits, etc., and I will revise later today.
